

40TH ANNIVERSARY OF JHPIEGO

HON. JOHN P. SARBANES

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 18, 2013

Mr. SARBANES. Mr. Speaker, I rise today to congratulate Jhpiego, a non-profit, global health affiliate of Johns Hopkins University, on the occasion of their 40th anniversary. I would like to recognize the employees of Jhpiego for their tireless service in providing health care for vulnerable populations and preventing needless deaths throughout the developing world.

Headquartered in my hometown of Baltimore, Jhpiego has grown to become a force for good around the world. Founded in 1973 by Dr. Theodore King, Jhpiego initially brought healthcare professionals from Latin America, Asia, and Africa to Baltimore to learn the latest practices in women's health.

As time progressed, Jhpiego's leadership realized they could have a greater impact by bringing their medical knowledge and training to the countries whose populations they were trying to serve. In 1979, Jhpiego started in-country training programs on three continents. These programs were extremely successful and, in 1993, Jhpiego opened its first field office in Kenya. Today, Jhpiego operates field offices and clinics in over thirty countries providing invaluable medical services to people who would otherwise be without basic healthcare.

This focus on developing the capacity of countries to create their own healthcare network, combined with the delivery of extremely low-cost solutions to common health problems, has proven to be the great genius of Jhpiego. Jhpiego and its more than 1,500 employees have successfully brought the resources and expertise of Johns Hopkins to over 150 countries around the world. In the process, they have trained tens of thousands of people to be reliable healthcare providers.

This was no easy task. Over the past 40 years, Jhpiego has worked in some of the most remote areas of the world. Undaunted by this challenge, Jhpiego employees have learned to thrive under difficult and sometimes dangerous conditions.

Mr. Speaker, I hope you will join me in recognizing Jhpiego and congratulating them on their 40th anniversary. This outstanding organization has made a tremendous impact, saving lives and improving quality of life around the world.

RECOGNIZING THE 25TH ANNIVERSARY OF THE FOUNDING OF THE ARLINGTON FOOD ASSISTANCE CENTER

HON. JAMES P. MORAN

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 18, 2013

Mr. MORAN. Mr. Speaker, I rise today to celebrate the 25th anniversary of the founding of the Arlington Food Assistance Center (AFAC). Arlington County is the third wealthiest county in the United States; amidst this wealth, many residents and their families do not have the resources to adequately provide nutrition for either themselves or their families. This group includes many different groups in our society—the disabled, elderly, unemployed, under-employed, and homeless students in Arlington public schools.

Hunger is the physical sensation that results from not having enough food to eat. However, when talking about "hunger in America," what is often meant is more accurately called "food insecurity." Food insecurity is defined as a lack of access to enough food to fully meet basic needs due to lack of financial resources. A recent survey of Arlington County residents found that more than 4 in 10 individuals making \$60,000 or less are having these struggles. Nearly 15,000 people in Arlington County currently suffer from food insecurity.

In early 1988, a small group of concerned citizens in Arlington County gathered together their resources to found an organization whose sole purpose was to alleviate hunger among their neighbors in need. This group was soon joined by six congregations, all of whom operated food pantries serving small groups of families. Since then, AFAC has grown into the largest food bank serving Arlington County and is the only organization in the County solely dedicated to alleviating hunger.

At the time of its founding, AFAC was serving approximately 200 families. AFAC has grown considerably since then. They currently distribute food to over 1,600 families and almost 4,500 individuals through 16 locations spread across the County. Over 35 percent of their clients are children. The elderly, who often have to choose between food or medicine, make up 30 percent of their clientele.
